

PTCB CAREER GUIDE

The journey begins here.

The Pharmacy Technician Certification Board® (PTCB®) is the only credentialing organization that helps pharmacy technicians build a career path no matter where they are on their journey. Start with CPhT and move forward on PTCB's Tech Trek with specialty credentials.

Essential Members of the Health Care Team

Pharmacy technicians are in high demand all across the country with positions available in all types of practice settings. While specific responsibilities will vary, a technician may:

- enter prescription orders
- package prescriptions
- operate automated dispensing systems
- maintain inventories
- process insurance claims
- check/verify other technicians' work
- compound sterile preparations
- manage medication therapy
- assist with immunizations

In a recent PTCB survey of pharmacy technicians,

84% report being satisfied in their roles.

Regulations and requirements vary by state and change on an undefined schedule. Check with your local state board of pharmacy.

PTCB CREDENTIALS HELP YOU MOVE FORWARD

Get Hired Employers prefer, and many require, their pharmacy technicians to be certified by PTCB. With nearly 300,000 active Certified Pharmacy Technicians (CPhTs), PTCB is the most trusted pharmacy technician credentialing organization in the country and is the only non-profit credentialing organization solely dedicated to pharmacy technicians.

Grow Your Career And unlike other credentialing organizations for pharmacy technicians, PTCB gives technicians the opportunity to build their own career paths with our credentials. We refer to this as your Tech Trek, and we're excited to see your journey.

"[Earning PTCB credentials] furthers my career with opportunities not just where I am now but beyond."

— Na'Velle Lee, CPhT-Adv
